Singapore Zoo Carrousel with Tigers on Top

Wichita, Kan. — The Singapore Zoo on Singapore Island installed a Chance carrousel earlier this summer in their new Children's World Play Land.

The 36' wildlife carrousel features Dentzel scenery, a tiger print fabric top and fiberglass wood grain flooring. The carrousel is home to a variety of animal figures including an Okapi, a Dolphin, an Elephant and a Panda.

Chance also designed and built a custom finial with two tigers leaping from the top of the carrousel. This is the first time carrousel figures have been used by Chance to create a finial.
